Forte Institute of Technology (MBA)

2021 - 2023

Projects

Cover Page for Journalist & Food Restaurant App | React Js, Bootstrap

- Developed and optimized the application using React Hooks for efficient state and component lifecycle management, and created reusable components to enhance code reusability and maintainability.

Dribbble Clone | ReactJs, Tailwind CSS

- Used tailwind css and react reusable hooks along with reusable components to make clone of dribbble website. Also added custom features for unique design.

Calculator, Create Notes, Age Calculator, Number Guessing Game & Amazon Clone

| HTML, CSS, JavaScript

- Created reusable components to enhance code re-usability and maintainability.
